## THE BIG PICTURE

Every year, Animedh Charitable Trust identifies emerging and fast-moving trends that are expected to gain traction in the year ahead. "Change was the only constant over the past two years. Radical lifestyle shifts motivated our beneficiaries to make intentional, mindful and ambitious decisions. Now, the world is on the road to recovery." We couldn't have said it better as we observe similar resilience and awareness of our fragility and striving for sustainability among our underserved beneficiaries - children, youth, women and vulnerable communities

## THEMATIC AREAS

- Education
- Early Childhood Development
- Vulnerable Tribal Community Mental health and well-being
- Women, youth empowerment through skills, livelihoods, and water, sanitation and hygiene.
